

POPE BENEDICT TO ISSUE NEW PEACE OFFER

To Contain Concrete Offers
of Mediation It is
Said

MOVE IS BEING RECEIVED SYMPATHETICALLY IN BERLIN

Possibility of Co-operation
of the Neutral Gov-
ernments

(ASSOCIATED PRESS TELEGRAM)
The Hague, May 1.—(British Ad-
miralty, Per Wireless Press)—Pope
Benedict intends to issue a new
peace offer on Whit Sunday, May
19, Cologne newspapers announce.
The document, it is said, will be of
more pressing nature than formerly
and will contain concrete offers of
mediation by the pope with the pos-
sible co-operation of neutral sov-
ereigns.

Similar information of the pope's
intention, it is said, has been received
sympathetically.

This is not the first report eman-
ating from Germany recently that
the pope is about to make another
peace move. The Neueste Nachrichten
of Munich, Bavaria, according to
a London dispatch of April 23, said
that the pope would make a peace
offer as soon as the western offen-
sive had assumed a new phase. The
Bavarian newspaper declared the
move would take the form of a
"word of warning addressed to the
universal conscience."

A dispatch from Stockholm, Tues-
day, reported that a message from
Basel announced that Emperor
Charles of Austria, was making a
new peace offer, appealing to Italy
to consider it in her own interests.

That a "peace offensive" would
be made by the central powers in
the event that the German offensive
on the west appeared abortive has
been predicted frequently in allied
capitals. This may be the begin-
ning.

Pope Benedict's peace proposals
last August were predicted by re-
ports through neutral countries that
he was about to take such action.
The pope proposed the restoration of
territory captured by the central
powers; peaceful settlement of the
Alsace-Lorraine, Trentino and Polish
questions; reduction of all arma-
ments and freedom of the seas.
President Wilson, in replying for the
American and entente governments,
refused the proposals. The reply of
the central powers, made some days
after that of President Wilson, ex-
pressed hope that the pope's efforts
would result in a cessation of hos-
tilities.

LONDON COMMENT ON GERMAN ATTACK IS MORE HOPEFUL

(ASSOCIATED PRESS TELEGRAM)
London, May 1.—The failure of
the German attacks southwest of
Ypres on Monday with its immense
losses to the enemy is commented on
here in a more hopeful and confident
tone which is in marked contrast
with some recent comments on news
of the progress of the German ad-
vance towards the channel ports.

The consensus of opinion is that
the enemy on Monday suffered the
most severe and costly repulse since
he began his offensive on March 21,
and it is contended that if the terms
of victory and defeat are applicable
to single phases of such a prolonged
battle then the allies on Monday won
a very substantial victory.

Comparison is made between the
present operations and the French
defense of Verdun and the opinion
is expressed that the German expe-
rience of the Verdun front is being
repeated in their effort to capture the
group of hills southwest of Ypres.
The enemy failure up to this time to
achieve his objective and especially
his bloody repulse on Monday are re-
garded universally as a hopeful aug-
ury for the future of the allied de-
fense.

Nevertheless the commentators
warn against optimism. They re-
mark that although the enemy has
been foiled it does not mean neces-
sarily that the enterprise has been
abandoned but rather that it has been
some other point where a successful
suspension in favor of an attack at
defense seems less assured.

STATEMENT OF THE FRENCH WAR OFFICE

Paris, May 1.—Artillery duels of
some intensity occurred last night on
the Somme front near Villers-Breton-
neux and on both sides of the Avre,
southeast of Amiens, says today's war
office statement reads:

"Artillery actions of some violence
took place in the region of Villers-
Bretonneux and on both banks of the
Avre."

"In Lorraine French patrols
brought in prisoners."

"The night was quiet on the re-
mainder of the front."

WAR SECRETARY ASKS AUTHORITY TO RAISE TROOPS

Will Clothe, Equip and Ship
to France As Fast As
Possible

GOVERNMENT MAY HANDLE 3,000,000 DURING THE YEAR

Additional Million Men to
Be Mobilized if Author-
ity is Granted

(ASSOCIATED PRESS TELEGRAM)
Washington, May 1.—Secretary
Baker will appear before the house
military committee tomorrow morn-
ing to present the administration
program for increasing the army to
meet the German drive. The exact
form of his recommendation is not
known, but there are indications
that he will not confine himself to
specific figures, asking for blanket
authority to raise all the troops it
is found possible to clothe, equip and
ship to France.

The whole question of equipment
and transportation was gone over
again at the war department today
by the war council. Chairman
Baruch of the war industries board,
Chairman Hurley of the shipping
board and Chairman P. A. S. Frank-
lin of the control board were pres-
ent besides assistant secretary, Stet-
tinus and Major General Goethals,
directly charged with the supplying
and transportation of the army.

It is known that war department
officials, through the survey of ship-
ping and supplies recently com-
pleted. (Continued on Page 2, Col. 3.)

ALL RECORDS IN LIBERTY LOAN BROKEN TODAY

(ASSOCIATED PRESS TELEGRAM)
Washington, May 1.—All records
for number of subscribers to Liberty
loans were broken today when treas-
ury tabulations showed that approx-
imately 12,000,000 persons have
bought bonds of the third issue. Total
subscriptions were sent above \$2,000,-
000 by early reports.

With four remaining, the number
of subscribers is 2,500,000 more
than the 9,500,000 of the second
loan and nearly three times the 4,-
500,000 of the first loan. Under the
stimulus of the active canvass of the
next few days, and the "buy-another-
bond" movement, the treasury hopes
to raise the subscription roll to the
20,000,000 sought by Secretary Mc-
Adoo and total subscriptions to a bil-
lion or two beyond the \$3,000,000,-
000 minimum.

The "buy-another-bond" appeal
reached President Wilson today and
although he already had subscribed
for nearly \$20,000 of third Liberty
bonds, he agreed to buy a \$50 bond
on the installment plan, in accor-
dance with the stand suggestion of the
"buy-another" solicitors. Since this
appeal has sounded particularly by
four-minute speakers at theaters the
president said he would enter this
subscription formally some evening
this week when he attended a theater.
He added that he hoped a million or
more other Americans would "buy
another bond."

Loan headquarters immediately
telegraphed local organizations to
communicate word of the president's
subscription to four-minute men,
theater managers, newspapers and
loan workers, in an effort to round
up a million to follow his example.
"Subscriptions of any size will be
welcomed, but special effort will be
made to get persons of moderate
means to buy \$50 "baby bonds."

CONFERENCE OF ALLIED NATIONS

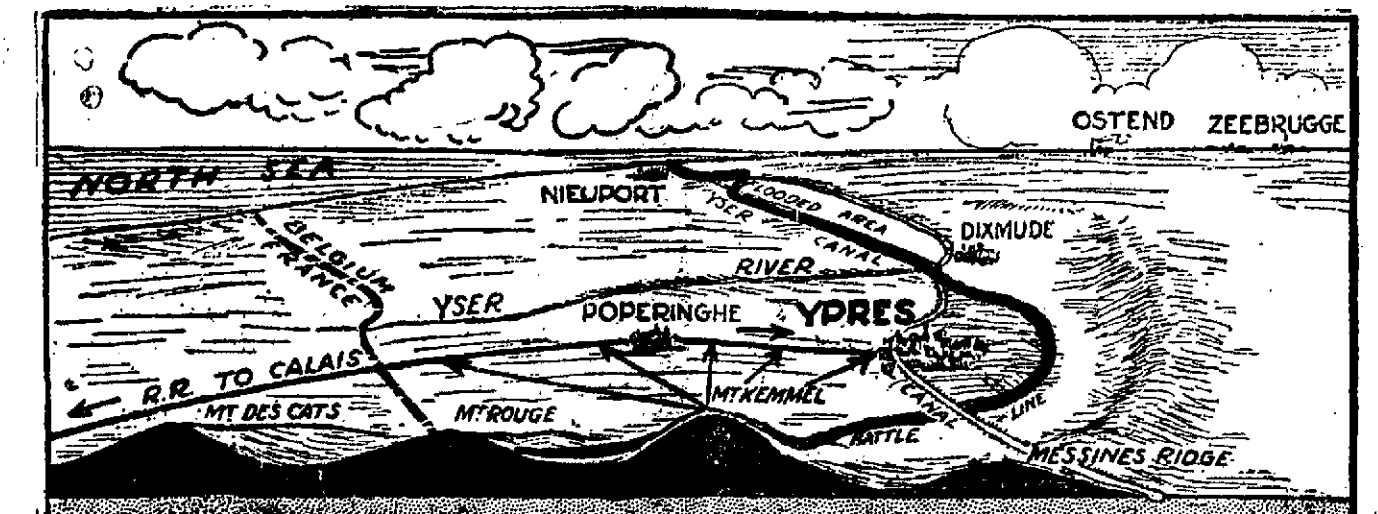

(ASSOCIATED PRESS TELEGRAM)
Versailles, May 1.—An important
conference of the allied nations opens
here today and will be carried over
to tomorrow. The participants com-
promise Premiers Lloyd George,
Clemenceau and Orlando, of Great
Britain, France and Italy, respective-
ly, and representatives of France,
Great Britain, Italy and the United
States in the supreme war council.

SIXTH GOVERNOR'S SON TO ENTER THE ARMY

(ASSOCIATED PRESS TELEGRAM)
Columbia, S. C., May 1.—When
Vivian M. Manning a private in a
field artillery regiment at Camp
Jackson here today Governor Man-
ning of South Carolina, saw his sixth
son enter the service of the nation.
The others who proceeded Vivian
Manning are all army men, one ma-
jor, two captains, a sergeant and a
private.

(ASSOCIATED PRESS TELEGRAM)
Ottawa, May 1.—The names of
the following Americans appear in
today's Canadian casualty list:
Wounded—R. Fuller, Grinnell,
Iowa; Ciminelli, Leontina, O.

FIELD MARSHAL VON HINDENBURG IS SPENDING THOUSANDS OF MEN TO WIPE OUT YPRES SALIENT

Map showing present battle line and the ruined Cloth Hall of Ypres.

Hindenburg seems willing to sac-
rifice of thousands of his best
troops to take Ypres, which probably
means that the British will eventu-
ally withdraw from this ruined city.
The town is surrounded on three
sides, and the possession of Mount
Kemmel gives the German guns com-
mand of the railroad that leads from
Ypres to Calais. Mount Kemmel was
held by French troops, all of whom
were sacrificed to stem the German
tidal waves which beat against it.
Mount Rouge and Mount Des Cats,
just west of Mount Kemmel, are still
held by the French, who will not
again make the mistake of having
insufficient forces to hold back the
German hordes.

The evacuation of Ypres by the
British would probably mean also the
loss of Nieuport. Neither city has
yet been in German hands. After
the capture these cities, the Ger-
mans will make an attempt at Cal-
ais, the loss of which would be a
distinct blow, though by no means
a fatal one, to Britain.

The map shows the location of
Ostend and Zeebrugge, famous Ger-
man submarine bases, which it is be-
lieved were recently put out of com-
mission by the British fleet. Should
the Germans take the French ports
of Calais and Dunkirk they would
probably turn them into submarine
bases. Calais is only twenty-one
miles from the British coast.

VAST AMOUNT OF BINOCULARS GIVEN U. S. GOVERNMENT

(ASSOCIATED PRESS TELEGRAM)
Washington, May 1.—More than
42,000 binoculars and other marine
glasses, worth \$3,000,000 have been
sent to the navy department in re-
sponse to the appeal to individual
owners to supply equipment for the
expanding navy which the manufac-
turers of the country have been un-
able to turn out. Assistant Secretary
Roosevelt said 29,000 of the glasses
had been found serviceable.

WILL ENDEAVOR TO AVERT STRIKE OF CLEVELAND MEN

(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 1.—William B.
Fitzgerald, first vice president of
the Amalgamated Association of
Street and Electric Railway Em-
ployees, is expected here today to re-
new negotiations with President
Stanley of the Cleveland Railway
company, who also is expected to
return to the city for the conference,
in an effort to avert a strike of the
street car employees. It is likely
the strike vote of the men will be
presented to Stanley by the union
contract committee.

ACQUIT CAPTAIN WHO KILLED MAN FOR CURSING FLAG

Honolulu, T. H., May 1.—A jury,
after deliberating six minutes today
acquitted Captain Henry Allen, re-
tired sea captain, who April 14 last
shot and killed S. J. Walker for cur-
sing the American flag.

Immediately following his acquit-
tal, Allen was surrounded by sold-
iers who draped a flag about him and
formed a bodyguard about him as he
left the court.

Walker, while dying, admitted he
had been shot after he had condemn-
ed the United States and expressed
the wish that all American soldiers
in Europe would be killed.

1,000 LESS SALOONS FOR CHICAGO, ILL.

Chicago, May 1.—There will be
approximately 1000 fewer saloons in
Chicago this year than in the year
just past. The period for applying
for licenses expired last night and it
appeared that thirsty Chicagoans
will have to get along with only 5000
saloons instead of the previous 6,-
000.

Sunday closing, high prices and ab-
sence of men called to the colors are
among the causes.

MAN WHO STARTED HORRIBLE CONFLICT DIES AT FORTRESS

(Associated Press Telegram)
London, May 1.—Gavrio Prin-
zip, the assassin of Archduke
Francis Ferdinand, heir appar-
ent to the Austria-Hungarian
throne and his wife at Sarajevo,
Bosnia, died yesterday in a fort-
ress near Prague of tuberculosis,
telegraphs the correspondent at
the Hague of the Exchange Tele-
graph Co.

Prinzip shot to death the Aus-
trian archduke and his wife
while they were on a visit to the
Bosnian capital on June 28,
1914, and out of this double
murder the European war devel-
oped. Prinzip, who was a stu-
dent, was found guilty and sen-
tenced to twenty years impris-
onment.

REPORT EMPEROR IS MAKING NEW PEACE ATTEMPT

(ASSOCIATED PRESS TELEGRAM)
London, May 1.—Prince Sixtus of
Bourbon-Parma, to whom the fa-
mous letter written by Emperor
Charles offering peace to France was
addressed, the Times says, visited
King Alfonso of Spain on Monday,
according to the Madrid Sol. He was
accompanied by his brother, Prince
Xavier and the Spanish newspaper
understands that he gave to King Al-
fonso explanations on the subject of
his correspondence with his Haps-
burg relatives. (His sister Zita is
empress of Austria-Hungary).

The prince, it is added, and the
fact that may be of some significance
declares the Times, left the Spanish
capital for the Belgian front.

Simultaneously a report reared
Stockholm that Emperor Charles was
making a fresh peace attempt and
that he was appealing to Italy to con-
sider it in her own interests.

All that can be said about these
rumors, the Times adds, is that they
are not inherently incredible. The
dual monarchy and its ruler are un-
questionably in a highly critical po-
sition, the newspaper continues, and
it may be well that the youthful em-
peror is trying to tempt Italy possibly
also Belgium, as he tried to tempt
France.

The result of any such efforts
would, of course, it is added, be the
same. They would interest the allies
only as fresh indications that the em-
peror is conscious of the dangers
which menace him and is seeking for
a way to escape.

FOR MECHANICAL STUDIES

(ASSOCIATED PRESS TELEGRAM)
Washington, May 1.—A call for
8985 additional draft men was issued
today by the provost marshal gen-
eral. They are to be sent to 22 in-
stitutions scattered throughout the
country for a two months' course of
training in various mechanical
studies.

NEW NATIONAL GUARD UNITS WILL NOT BE ACCEPTED IN SERVICE

(ASSOCIATED PRESS TELEGRAM)
Washington, May 1.—Indications
that the war department has decided
not to accept any additional National
Guard units in the forces sent
abroad was seen today in an order
telegraphed to the governor of Min-
nesota, instructing him to disband
the Second Minnesota Artillery. The
Minnesota authorities were anxious
to have the unit in service as con-
crete evidence of the loyalty of the
districts in which it was formed.

GREAT SCARCITY GERMAN EMPIRE OF FOOD AND CLOTHING

(Associated Press Correspondence)
London, April 15.—So acute is the
scarcity of clothing in Germany that
men and women are being attacked
daily by ruffians in the streets of
Berlin and stripped of their gar-
ments, according to German news-
papers received here. It is said that
one insurance office alone in Berlin
is notified of an average of 300 thefts
daily. Threat for menacing clothing is
said to be virtually unobtainable.

Commenting on the food situation
in Germany, the papers intimate
that the hope entertained of speedy
relief from the Ukraine has been dis-
pelled.

DYNAMITE AND CAPS FOUND UNDER BASE OF FT. BLISS TOWER

(ASSOCIATED PRESS TELEGRAM)
El Paso, Texas, May 1.—Four
sticks of dynamite, 30 feet of coiled
copper wire and detonating caps
were discovered late yesterday buried
under the base of the steel wireless
tower at Fort Bliss. The explosive
was found by an officer who was
training his men in entrenchment
work near the tower.

CLEVELAND WORKERS TIE UP OPERATIONS

(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 1.—Building op-
erations were practically tied up in
Cleveland this morning by a walk
out of between three thousand and
four thousand building trades work-
ers. Carpenters, plasterers, lathers,
and laborers, who refused to ratify
an agreement yesterday whereby a
delay of four weeks would be granted
for arbitrating wage demands, refus-

GERMAN POSTS RUSHED IN THE METELEN SECTOR; BRITISH GET PRISONERS

FRENCH STRENGTHEN THEIR POSITION ABOUT
LOCRE IN SUCCESSFUL MINOR ENTERPRISES
—BRITISH REPULSE HUNS AT ST. JULIEN

STUNNED BY SEVERE LOSSES, THE ENEMY DOES NOT ADVANCE BEYOND MT. KEMMEL

Huns Suffer Punishment Which Has Been Inflicted On
Their Troops In Past Several Days and Have Given
Up Attempts For Present to Gain Further Hill Posi-
tions—Repulses Have Been Disastrous For the Ger-
mans, Who Have Not Only Failed to Gain, But Have
Been Driven From Positions Which They Have Been
Holding

(ASSOCIATED PRESS TELEGRAM)
London, May 1.—French troops
last night improved their positions
in the neighborhood of Locre, on the
Flanders front, the war office an-
nounces. The British rushed Ger-
man posts in the Metelen sector and
took prisoners. The official state-
ment follows:

"A local attack made by the
enemy yesterday upon one of our
posts in the neighborhood of St.
Julien was repulsed by machine-gun
fire. Posts held by the enemy in the
Metelen sector were rushed by our
troops during the night and a
few prisoners were secured by us."

ENEMY STUNNED BY DISASTER

(Compiled from A. P. Dispatches)
Stunned by the severe punishment
inflicted by the British and French,
the Germans in Flanders have given
up for the moment their attempts to
gain further hill positions west of
Mount Kemmel. Meanwhile, it is
presumed that General von Arnim is
reforming his battered forces, and
bringing up new reserves to hurl
against the granite allied defense.

German occupation of Mount Kem-
mel, although a strategic loss has not
enabled the enemy to encroach fur-
ther into the British and French po-
sitions southwest of Ypres, nor has it
apparently brought any nearer the
evacuation of the flattened Ypres sal-
ient. After the intense fighting of
Monday in which the Germans strove
desperately to enlarge their gains on

the high ground north of the Lys,
there has been only local fighting.

Apparently the allied commanders
are content to hold on to their pres-
ent line and to let the Germans make
more attacks in an endeavor to drive
them back. In their disastrous re-
pulses the Germans not only failed to
gain, although using larger forces
than the defenders, but they were
driven from some positions they had
held since the capture of Mount Kem-
mel last week.

Along the Flanders front and in
Picardy strong artillery bombard-
ments continue. The Germans have
been throwing great numbers of
shells into the French positions
around Hangard, south of the Som-
me, probably in preparation for still
another attempt to drive the French
back to the Avre. A German attack
in the Noyon sector brought the en-
emy into French positions from which
however, they were thrown out in
spirited fighting.

American artillery on the Picardy
front has been busy shelling enemy
targets, but there has been no further
infantry activity. On the Toul sector
down a German machine, the third
American aviators, have brought
in three weeks.

In Mesopotamia General Marshall
has advanced north-northeast of Bag-
dad, captured two towns and nearly
900 prisoners. The Turks avoided a
battle at Kifra, 100 miles northeast
of Bagdad and fled toward Kirkuk,
about 160 miles north and apparently
the main road to Mosul. Apparently
the British objective. A startling column
was attacked and more than 500
(Continued on Page 2, Col. 1.)

CASUALTY LIST CONTAIN NAMES OF SEVENTY-TWO

(ASSOCIATED PRESS TELEGRAM)
Washington, May 1.—The casualty
list today contained 72 names di-
vided as follows:

Killed in action, 8; died of wounds
1; died of accident, 1; died of dis-
ease, 3; died of other causes, 1;
wounded severely, 5; wounded slight-
ly, 51; missing in action, 2.

Three officers were named. Lieut-
ants W. Jenkins and Franklin B.
Pedrick are missing in action and
Lieut. Nathaniel C. Reed was wound-
ed slightly.

The list follows:

Killed in action—Sergeant Arvid
A. Cedarholm; Corporals John F.
Giles, George Gritzback; Privates
James O. Carey, Earl R. Clark, Claren-
ce E. Coe, Clinton W. DeForest,
James N. Joyce.

Died of disease—Privates Louis
Lorraine Barnett, Charles H. Bolden,
Benjamin Hill.

Died from wounds—Private Lyn-
don L. Casey.

Died of accident—Private John
Pee.

Died of other causes—Private
Howard A. Mowery.

Wounded severely—Corporals
Walter G. Gaul, John Murray; Pri-
vates Raphael Carbo; John J. Cook,
Robert B. Remington.

Wounded slightly—Lieutenant
Nathaniel C. Reed; Corporals Edward
D. Brown, Daniel Caplet, Leon T.
Colman, Bernard F. Cunningham,
James E. Denice, Joseph A. Dixon,
John C. Fleming, Charles J. Frey,
Carroll W. Gleason, Alfred Morin,
William H. Whitman, Sergeant Geo.
A. Gillespie, Chester Smith; Mech-
anics Arthur F. Prescott, Frances D.
Quigley; Cook Victor A. Tatro; Pri-
vates Alfred J. Appleyard, Angelo
Ballandelli, Harold V. Boggs, Jon
H. Breen, Luigi Cernilio, Cester J.
Cooper, Napoleon Duhamel, Daniel E.
Erwin, Louis Faron, Albert Filteau,
Walter H. Fisher, William S. Foster,
Bernard R. Garrity, Thomas M. Gav-
ain, George E. Gochie, Austin S. Har-
low, James W. Hyatt, Harold R.
Johnson, Alfred J. Justice, Thomas
Kieley, Thomas G. Lawton, William
H. Nicholson, Mike Paternostro, Ro-
nard J. Polizzotti, Lester J. Reich,
Frank C. Schroeder, William Stom-
ski, Henry A. Sullivan, Wm. J. Tat-
er, John W. Thomas, Le Roy F.
Webster, August H. Wigern, James
Zamboni, Joseph Zapolsky.

Missing in action—Lieutenant Wil-
liam H. Jenkins and Franklin B. Ped-
rick.

WILL DECLARE THE GERMAN ALLIANCE CHARTERS VOID

Columbus, May 1.—Attorney Gen-
eral Joseph McGhee today was asked
to begin proceedings at once to dis-
solve all German-American alliance
organizations in Ohio and to have
their charters declared null and void.
The request was made by James A.
White, state superintendent of the
Anti-Saloon League.

Mr. White made his request in a
letter which stated that the articles
of incorporation of the Cincinnati
German-American Alliance show that
it was organized to "maintain and
defend German ideals," to oppose
local option, and prohibition of the
liquor traffic, and to influence polit-
ical conventions, political elections
and appointments.

The letter stated that "similar or-
ganizations bearing the same name
and setting forth similar purposes
were incorporated in Canton, Spring-
field, Toledo, and other cities of the
state."

"This country is now at war with
Germany," the letter said. "Our
young men are giving their lives to
combat German ideals, which Ohio
has chartered the German-American
Alliance to maintain and defend.
Our people are giving their treas-
ures to subdue German ideals. Why
should Ohio charter an organization,
the purpose of which is to give aid
to the enemy? Why should the state
give official sanction to disloyalty?"

GOVERNOR GRANTS TWO MAY PARDONS

Columbus, May 1.—May Day par-
dons were granted by Governor Cox
today to Clarence Buckmaster, con-
victed to from one to seven years
last October for stealing an automobile
from Frank Huffman, sentenced to from
one to seven years last November
from Stark county for stealing \$40
from a saloon in which he had been
employed. Both were pardoned up-
on condition that they return to
their aged parents and care for them
and that they keep out of saloons
and leave drink alone.

FUNDS FOR RAILROADS.
Washington, May 1.—Railroads,
under the four months of govern-
ment operation just closed, received
from the government \$90,614,000 as
loans or advance payments on gov-
ernment compensation. Director Gen-
eral McAdoo today announced.

BROUGHT DOWN GERMAN FLIER IN AIR FIGHT

(Associated Press Telegram)
With the American Army in France, Tuesday, April 30.—A German airplane was brought down in enemy territory last night by Captain Norman Hall of Colfax, Ia., and Lieutenant Edward C. (Eddie) Rickenschacher of Columbus, O., after a duel over the American lines on the Toul sector.

The American birdmen first engaged the enemy machine over the American lines. Lieutenant Rickenschacher, well-known as an automobile racer in the United States, swept over the Boche and opened fire with his machine-gun, while Captain Hall, formerly a member of the Lafayette escadrille, darted behind the German and also opened fire. The German made desperate attempts to escape and returned the fire of the American, several bullets piercing Captain Hall's airplane.

The Americans peppered the enemy machine with bullets and drove it down until it fell behind the German trenches. Captain Hall and Lieutenant Rickenschacher returned from the fight unscathed. This was the third enemy machine to be bagged by the Americans in three weeks, while several others have been reported brought down unofficially.

Captain Hall served as a private in the British army at the outbreak of the war and later joined the French aerial forces. He is the author of "Kitchen's Mob."

HELD SPEEDWAY RECORD.

(Associated Press Telegram)
Columbus, May 1.—Eddie Rickenschacher, mentioned in dispatches from the war-front as having helped bring down a German airplane in enemy territory on the Toul sector, is well-known throughout the United States as a professional automobile racer. Rickenschacher holds the 300-mile speedway record, having made the distance on the Omaha speedway in 3:17:39.20.

He enlisted in the army very shortly after the declaration of war and was among the first to be sent overseas. For some time he was reported as being General Pershing's personal chauffeur.

PREDICTED RACE DRIVERS WOULD TURN AIR MEN.

(Associated Press Telegram)
New York, May 1.—Lieutenant "Eddie" Rickenschacher, victor in an air duel over the German lines in France resigned as chauffeur at the wheel of General Pershing's automobile because he wanted more speed, according to his friends here. He obtained a commission in the aviation service within three months from the time he left America for he was unhappy unless he could move faster than seventy-five miles an hour and General Pershing's operations did not require that his automobile travel so swiftly.

Rickenschacher, hero of many thrilling automobile races in this country and holder of a number of motor records at the age of thirty, said on the eve of America's entry into the war that these race drivers would turn air men. He was one of the first to fulfill his own prediction. Shortly after General Pershing reached Europe, Rickenschacher followed him and offered his services as chauffeur. The American commander knew his record and accepted him. Rickenschacher first came into prominence as a speed driver in 1911 when he appeared at Indianapolis. In 1914 at Sioux City, Iowa, he won the 300-mile speedway and afterward made creditable records at Omaha, Indianapolis and Providence and raced also on the Sheepshead Bay track in New York.

GERMAN POSTS RUSHED ON THE WESTERN SECTOR; BRITISH TAKE PRISONERS

(Continued from Page 1.)
prisoners taken. British cavalry then captured Tuzburmantli, about thirty miles northwest of Kifra.

The pursuit toward Kirfu continues.

Declaring that plutocratic suffrage, giving political rights to wealth is no "longer possible in our nation," Chancellor von Hertling has informed the lower house of the Prussian diet that it must pass the electoral reform bill or give up more rights to the people through force. The chancellor threatened the Prussians with revolutions if they did not meet the demand speedily. Apparently the chancellor feared grave disorders if the reform bill, which he admitted, was hedged around with safeguards, is not passed. A motion to postpone action was defeated by 5 to 1.

This is May day generally a time for strikes in continental Europe. There have been no indications of possible strikes within the central empires except a call by the German socialists of Austria several days ago for a peace strike on May 1.

Reports come through Holland that newspapers in Cologne announce that Pope Benedict will make another peace proposal on Whit Sunday, May 19, and that it will contain concrete offers of mediation. Similar information is declared to have reached Berlin where it was received sympathetically. There has been other reports recently from Germany that the pope was preparing to move again for

ARRIVES IN FRANCE

LIEUT. MAYNARD WHITE.

Word has been received that Lieut. Maynard White, son of Mr. and Mrs. Clarence White of New York City had arrived safely in France. Lieut. White who received his commission at Ft. Oglethorpe, Ga., has been transferred to New Jersey recently and word was received today of his safe arrival in France.

peace. It has held in allied capitals that Germany would launch a "peace offensive" if the offensive of the west failed of an early victory.

Today's official statements reveal no break in the comparatively quiet on all the recently active fronts in Flanders and to the south.

In local fighting in the former area the British repulsed an attack by the Germans near St. Julien, northeast of Ypres and took prisoners from German posts which were pushed in the vicinity of Meteren. The French troops in Flanders carried out a small operation which was important in that it improved their position on the valuable holding ground above Loere, which protects the flank of Mont Rouge.

On the Somme front the continuance of artillery actions of some violence is reported near Villers-Bretonneux and to the south along the Aves.

WAR BOARD ASKS THAT TELEGRAPHERS NOT BE DISCHARGED

(Associated Press Telegram)
Washington, May 1.—The Western Union and Postal Telegraph companies were asked today by the national war labor board not to discharge any employees on account of membership in telegraphers' unions, pending a decision by the board on complaints that employees were being dismissed because they were members of unions and attended organization meetings.

The request was made in letters to Newcomb Carlton, president of the Western Union and Vice President Reynolds of the Postal, who were asked to come here to meet with the board to discuss the controversy.

S. J. Koenekamp, president of the Commercial Telegraphers' Union, told the labor board today that 600 telegraph operators had been discharged since Sunday. The situation is particularly critical on the Pacific coast, he said, where the service is badly crippled. In Seattle, he said, 200 telegraphers have been discharged.

THREE INJURED BY THE LONG RANGE GUN BOMBARDMENT

(Associated Press Telegram)
Paris, May 1.—The bombardment of Paris by long range gun was resumed again today. Three women were slightly injured it is announced officially this afternoon.

HERE'S WHAT OUR BOYS FIGHT FOR

(Associated Press Telegram)
London, May 1, via Ottawa.—Twenty-five thousand Belgian men and boys have been compelled to work on military operations under the whip of German sentries behind the German lines in the regions of Valenciennes and Maubeuge alone, according to Reuter's Limited.

IRON WORKERS STRIKE.

(Associated Press Telegram)
Cincinnati, May 1.—Iron work at the new East high school in Hyde Park as well as on a number of other buildings was stopped this morning when about 125 iron workers employed on jobs in various sections of the city walked out. The union agreement with the employers expired Monday night. The men ask for an increase of ten cents an hour in their wages—from 45 to 55 cents.

NEW BETHEL

Sunday school, Sunday morning at 10 o'clock. Everybody invited.
Mr. and Mrs. Hallie Myers and family of New Way, Mr. and Mrs. Eliza Dehlt, Mr. and Mrs. H. J. Vebell and son Oris, were Sunday guests of Lon Higgins and family.

Mr. and Mrs. Ben Ross and James Ross, spent Sunday with Mrs. James Ross at Mt. Carmel hospital.

Mr. and Mrs. S. A. Grandstaff of Crofton, Mr. and Mrs. A. B. Cross and sons, Clyde and Forest, and Wm. Fagel, were Sunday guests of Mr. and Mrs. M. G. Murphy.

Mr. and Mrs. Howard Sanford and family, Mr. and Mrs. Lon Higgins and family, Mr. and Mrs. Eliza Dehlt and Mrs. Oris Dehlt were Newark visitors, Saturday.
Miss Margaret Murphy spent Saturday and Sunday with her brother, Merlin Murphy and wife.

WAR SECRETARY ASKS AUTHORITY TO RAISE TROOPS

(Continued from Page 1.)
ed, have been convinced that it will be possible at least 2,000,000 men this year, and that the number could be considerably increased by straining resources. It is therefore believed that Mr. Baker will indicate to the house committee tomorrow that an additional million men will be mobilized if authority is granted. The bulk of the additional forces would be organized as fighting units, it is assumed, as the forces already assembled have provided the major part of the non-combatant troops necessary for a largely increased army.

There is nothing to indicate that the war department sees at this time any necessity for extending the draft ages. There is every reason to believe that there are enough men in class one of the draft rated as fighting material to fill any demand that possibly can be made upon the selective service for a year or more. In addition, extension of the draft to men who have reached the minimum age of 21 since the act was passed will add another three-quarters of a million to the list of available men.

None of the officials present today would say what figures had been discussed. It is known, however, that Chairman Hurley was asked for estimates of the maximum shipping that could be obtained from all sources to accelerate troop movements.

In connection with the increase of the army the war department is inclined to expand existing cantonments and the picking of the national guard camps to accommodate additional troops, rather than to the construction of new cantonments. For the present Camp Gordon, Ga., is used as an infantry replacement division. Later on, Camp Lee, Va., will be devoted to this purpose and there will be several replacement divisions eventually. Camp Jackson, S. C., is now rated as a field artillery replacement post and men selected for service with the guns go there for training. Camp Hancock, Ga., is the machine gun replacement post and Camp Humphreys, Va., the engineer replacement center. Camp Meade, Md., eventually will be used for signal corps and liaison replacement work.

MEETS DEATH ON DAYTON FIELD

(Associated Press Telegram)
Dayton, May 1.—Lloyd Allen, 24, of New York City, a cadet flier at the Wilbur Wright aviation field, met instant death today when his machine became unmanageable while he was making a practice flight and crashed into one of the school buildings on the ground. The cause of the accident is not known.

PLEASANT VALLEY

Mr. and Mrs. C. E. Booth and little granddaughter, Marvel Cramer, Perryton, were Sunday guests of Mr. Booth's mother, Mrs. Susan Booth.

Miss Myrtle Priest spent Sunday afternoon with Miss Floe Booth.

Mrs. W. O. Beckham was taken very ill, Thursday, and her condition remains serious. Dr. Burnside of Frazeysburg, is the attending physician.

Mrs. J. D. Priest of Martinsburg, and Mrs. Willie Dugan, Reform, are with their mother, Mrs. W. O. Beckham.

Mr. and Mrs. Charlie Mercer of Bedford, and Mrs. Fin Van Winkle of near Utica, spent Sunday night at W. O. Beckham's.

Mrs. Daisy Wright of Utica, is with her sister, Mrs. W. O. Beckham. J. A. Moore and family, J. W. Both and daughter Vernice, and O. E. Booth, spent Saturday in Newark.

Orville Booth of this place, was one of the quota to leave Newark, Saturday, for Camp Sherman.

Mr. and Mrs. J. W. Porter and Mrs. Josie Johns of Newark, spent Sunday at W. O. Beckham's and Mrs. Emma Varner's.

Miss Floe Booth and brother Willie, were Newark callers, Wednesday.

Mr. and Mrs. J. W. Little of Rock Run, called at W. O. Beckham's, Sunday.

Mr. and Mrs. G. W. Priest spent Tuesday in Frazeysburg.

JOHNSTOWN

Mr. and Mrs. Cary Whitmore of Gambier spent Sunday and Sunday night with Mr. W. E. McClurg and family.

Mr. M. D. Powers made a business trip to Newark Monday.

Mr. and Mrs. Bert McMillen visited Hugh McClurg and wife Sunday.

Mrs. John Jones and son Austin of Black Run spent Saturday and Sunday with Mr. Logan Barrick and family.

Mr. C. E. Dixon and family were Newark callers Saturday.

Mr. and Mrs. F. P. Bell, Mr. Elza Myers and family called on Mr. and Mrs. John Winice of Chatham Sunday afternoon.

F. P. Bell and Elza Myers made a business trip to Newark Thursday.

Mr. and Mrs. H. W. Powers spent Sunday with the latter's parents, Mr. and Mrs. Ellis Caggett.

Mr. Logan Barrick and family were in Newark Saturday on business.

Mr. and Mrs. Charles Stout, Mr. and Mrs. Ruben Dunlap, and Mr. A. S. Frost were Sunday guests of Mr. and Mrs. Bernard Lovell.

Mr. and Mrs. M. D. Snyder of Johnstown spent Monday with Mr. and Mrs. Arthur Hall.

Mr. and Mrs. Ernest Gosnell of Granville spent Sunday with the latter's parents, Mr. and Mrs. W. E. McClurg.

Hardupne—"Wigwag is a close friend of yours, isn't he?" Borrowed—"Close is no name for it. I tried to touch him for a quarter this morning and couldn't even get that."

AMERICAN ARMY ON BATTLE FRONT

(Associated Press Telegram)
With the American Army on a French Battle Front, Tuesday, April 30.—The situation along the American sector gradually is becoming stabilized. There have been no infantry encounters in the last 48 hours, although small patrol parties or outposts have met in the darkness and mist.

Despite rain and poor visibility, the American and French artillery have been most active in shelling enemy back areas. A certain American battery has been laying a heavy barrage on enemy batteries and positions around a certain village which has been virtually wiped out. The German artillery is less active on the days immediately following the Americans appearance on this sector. The Germans are throwing some gas shells.

Weather conditions prevent aerial activity on either side.

DAMAGE CAUSED BY LONG RANGE GUNS IS INSIGNIFICANT

Paris, April 15.—(Correspondence of the Associated Press)—The damage caused in the Paris district by shells from the long-range German cannon has been insignificant in proportion to the mirth provoked by German newspaper reports giving lurid accounts of the damage, panic and consternation in the French capital since the bombardment began.

One German paper says great numbers of dead are buried at night; that the people of Paris take their breakfast and luncheon in their cellars, and that all those who can leave the stricken city are hastening to a safe distance. Another says that in the high tension of nerves resulting from the havoc caused the common people, "who are unable to leave the city" are bringing about trouble that amounts to riots after each unfavorable communique from the fighting front.

The situation in Paris has been described fully by cable. No disorder of any kind has occurred and instead of consternation there reigns and has reigned from the beginning perfect tranquility. No one pays further attention to the long-range gun than to speculate after each explosion as to where the shell fell. Most of the shells fall in the soft earth of the country districts.

The few shells that have reached settled portions of the entrenched camp of Paris have done astonishingly little harm. Even the shell that went into a church on Good Friday, killed no one, the casualties resulting from the caving in of the arches. Had the shell not happened to strike a pillar supporting the ceiling, few if any of the congregation would have been hurt. Shells have fallen within 10 to 20 feet of buildings without doing more damage than breaking windows.

No doubt a great many of the children of Paris will be taken to southern France for the summer vacation, but it is only because of the difficulty of keeping the little ones off the streets where a stray shell splinter is likely to reach them. The children themselves are as little moved by the bombardment as were those of 1914, who played with the cannon balls the allies of that day fired into the capital and as were those of 1870, who were just as fearless.

The game of war goes on in all the public gardens and miniature trenches are being dug on every sand-heap with the same zest as before. When an explosion is heard the children look up from their occupations, place a thumb to the nose, and express in characteristic French fashion their supreme contempt for the cannon.

FEW OFFENDERS IN POLICE COURT AFTER SHOW DAY

Although Tuesday was circus day, and the police force is expected of the usual round of petty thefts and pickpockets, not one report was made to the police department of any attempt at theft or robbery.

Maybe it was because the hangers on have all been busy doing military duty but the number of men who the show was unusually small and all were kept busy at the grounds and loading. John Burns, a cripple, who said he had come from the Columbus infirmary, was arrested charged with being drunk and as he wanted to go back to Columbus he was taken there.

Dick Athey and another drunk were fined \$5 and costs.

THREE MORE MEN ENLIST TODAY IN THE U. S. NAVY

The following three enlistments in the navy were made today, by Recruiting Officer W. G. Harris: Owen E. Heaton, 124 Fairfield avenue, as an apprentice seaman in the regular navy; G. L. Grouse, R. F. D. 3, Newark, second-class seaman, naval reserve; and Paul A. Harnett, 56 Riley street, second class seaman, naval reserve. These men will be sent to Parkersburg next week for their final examinations and then return to Newark to await orders.

NEED MORE

Mr. and Mrs. Roy Clark spent Saturday night with G. B. Martin and family of Frazeysburg.

Miss Berna H. Leiby of Bladenboro is spending a few days with her sister, Mrs. Walter McDonald.

Mr. and Mrs. J. I. Martin and daughter Zelma were Sunday guests at the home of Chan's Dehlt of Morgan Center.

Miss Myrtle and Dollie Clark spent Sunday and Sunday night with Miss Delpha Johnson.

Mr. and Mrs. Lewis Clark and son Chester, Mr. and Mrs. Roy Clark and Mr. and Mrs. J. I. Martin and children visited Mr. and Mrs. Rollin Clark of Frazeysburg Sunday.

George Rine and son Perry called on Earl Rine Sunday morning.

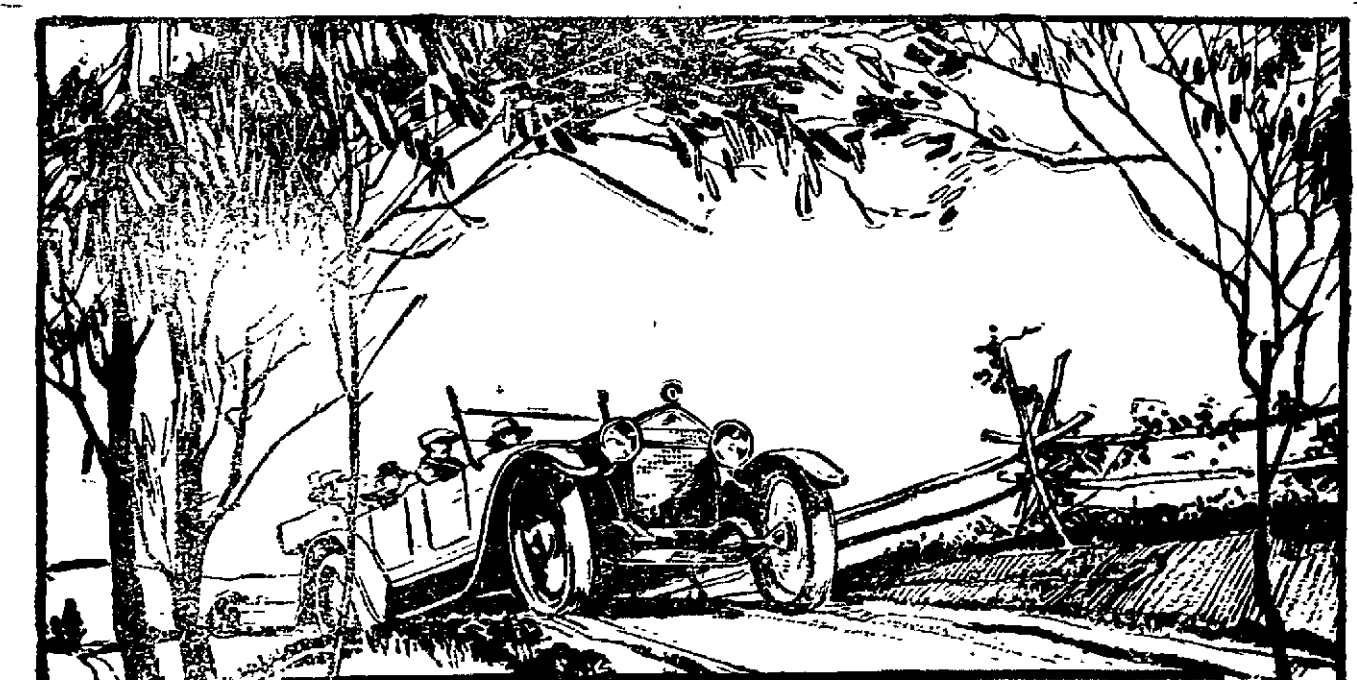

Any Way You Turn

you will find WRIGLEY'S at hand. Every man, woman and child in the country thinks of WRIGLEY'S when chewing gum is mentioned. This is the result of years of unceasing effort to give mankind the benefits and enjoyment of this low-cost sweetmeat.

WRIGLEY'S is the universal favorite — largest selling gum in the world.

The Flavor Lasts!

POLARINE Makes Motors Purr

A Polarine lubricated motor operates so smoothly that it purrs contentedly under a full load. That's because Polarine lets the motor develop its full power—increases compression by forming a perfect seal between piston rings and cylinders.

Polarine is a pure lubricant—no acid—burns up clean—does not "break up" under extreme heat conditions.

Red Crown Gasoline takes you most miles on a gallon; always the same power-full fuel.

A LECTURE ON CHRISTIAN SCIENCE GIVEN AT TAYLOR HALL ON TUESDAY EVENING

A lecture on Christian Science was given last night in Taylor Hall, Y. M. C. A. The lecturer was introduced by Mrs. J. S. Herzog, who said:

"We have heard a great deal in recent years about higher efficiency in business methods, about scientific management as applied to all enterprise, but it has remained for Christian Science to show us how to demonstrate higher efficiency in living, to apply scientific management to human life, for its improvement, correction and transformation. There is no conceivable phase of human dis-ease that the exact application of scientific Christianity will not correct and transform. Especially now, in this great crisis of the world's history, when time honored customs, beliefs and religions are falling away because weighed in the balance and found wanting; now in the face of great events and great needs, humanity is crying out for a logical understanding of God, for reasonable hope, for tangible proofs. It is particularly fortunate for the growth of the cause of Christian Science that this is so, for Mrs. Eddy, its Discoverer and Founder says in our Church Manual, 'Healing the sick

and the sinner with Truth, demonstrates what we affirm of Christian Science and nothing can substitute this demonstration.' In other words, Christian Science proves that its understanding of God is correct, not by words but by healing works. It is because the world has seen some measure of these healing works that it is today thronging these Christian Science lectures given all over the earth; it is for that reason that you are here tonight and whatever you need, if you have come with a receptive, open thought it may be met tonight as the one who is to address us can speak authoritatively on his subject. He comes to us as a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass. I take great pleasure in introducing Prof. Hermann S. Herling of Concord, New Hampshire."

Prof. Herling said in part: "Christ Jesus, the great physician, the divine healer, has for all time set the standard of perfect healing before humanity, and that many do not yet believe in His gospel results from a lack of understanding of the true nature and philosophy of the so-called miracles which he performed. His ethical teachings are very generally accepted even by agnostics; although the spiritual records of the healing work as a part of his divine mission, meet with dissent from many of the cultured people of today."

"The gospels record many instances of the healing of physical disease by Christ Jesus and His disciples; He restored a withered hand, he healed an impotent man and a man born blind; He healed paralysis, dropsy, hemorrhage, leprosy, epilepsy and violent insanity, and He raised the dead."

"Furthermore he specifically commanded His disciples that they should continue His healing work. 'Peters, John, Philip, Paul and other followers healed paralysis, deformity, insanity, lameness and also raised the dead, in connection with their missionary work; in fact healing was practiced quite generally among the early Christians."

"All those who admit that Christian healing is even desirable can but welcome a consideration of what it would involve, what it would depend upon. Let us consider, therefore, whether there is a Science, a Principle and a law which can be applied, and how this application can be made. Let us inquire also what we can and must do with the prevailing belief in matter, that great stumbling block to belief in the Bible and the fulfillment of its promises."

Mental Nature of Matter. "Matter was formerly believed to be an entity separate from force or energy but recent researches and discoveries have rendered this view untenable. In short matter is now regarded as the appearance, externalization or projection of force or energy, and consequently what we touch, taste, smell, see or hear, is in fact force."

"This then brings us to the view point of materialistic philosophy and psychology, from which it further appears that the mental faculties which we call sight, hearing, etc., are different forms of vibration, and consequently what we see, hear, feel, taste, or smell is a mental impression. Christ Jesus proved the mental nature of matter and existence when He walked on the water, still, ed the tempest, healed the sick, raised the dead and overcame other material conditions."

Matter Not Substance Nor Life. "The chief difficulty in realizing the mental nature of matter is the belief that matter is substance."

"One of the fundamental properties of substance is substantiality, which is defined as being that which is lasting, that which has real existence, that which is actual and not illusory. This means that substance is indestructible and permanent, and matter cannot therefore be real substance, since it is both destructible and transitory; it is relative, not absolute; a mental concept, and not a substantive actuality outside of consciousness. It is but an appearance of substance to physical sense."

"All this leads to the perception that there is no life in matter since one of the fundamental characteristics of life is continuity of existence which, as we have seen, cannot be predicated of matter. It is thus seen that there is neither substance nor life in matter, or material phenomena; that our existence is not material but mental, a state of consciousness, and that truth and life can only be conceived of metaphysically. On this plane alone can we analyze existence logically and intelligently and solve its problems."

"We are now ready to concede the possibility of Christian healing, that which is effected through spiritual means, the power of divine Mind. It is further evident that the mind or intelligence which is the source of all right ideas, is the intelligence and power which may logically be looked to as a remedy for all wrong ideas or conditions of human experience. The natural healing power must be the Mind or intelligence which is the underlying Principle of being. It is obvious that Truth alone corrects error, hence the discord or disease which results from false sense can be put away, or healed only through Truth. Many who believe in God as the creator are so illogical as to believe that although He knew enough to make all things, He does not know enough to correct our false sense of what He has made."

Convincing Evidence. "There is an old saying, 'The proof of the pudding is in the eating.'"

"When John the Baptist sent two of his disciples to determine whether Christ Jesus was the Messiah, Jesus, according to Luke's statement, having cured many of their

infirmities and plagues, and evil spirits, and given sight unto many that were blind, answered them, saying:

"Go your way, and tell John what things ye have seen and heard; how that the blind see, the lame walk, the lepers are cleansed, the deaf hear, the dead are raised, and to the poor the gospel is preached. And blessed is he, whosoever shall not be offended in me."

"The fact that Christian Science heals can readily be determined by any sincere investigator, and the supporting evidence reveals its concordance with spiritual healing, thus proving this healing to be true and possible today and establishing the fact that Christian Science is Messianic."

The Philosophy of Christian Science Healing.

"We are now in a position to examine into the method by which Christian healing is scientifically demonstrated."

"According to the Scriptural accounts, the healing wrought by the Master and His disciples, was accomplished through mental or spiritual means alone, thus through some action of thought Christian Science healing is brought about in the same way. In both the healing Principle and law are mental, and we are thus led to examine into the nature of Mind and mind action."

"Christian Science teaches that Mind is that which thinks, that which expresses itself in ideas, intelligence, consciousness. Thus it is the basis of all manifestation, the Principle and intelligence of the universe. It discloses that Mind is infinite, and that Mind and its ideas constitute all being. Mind is that which manifests and that which is manifested. Thus it is Truth or actuality, and there can be no place where Truth is not. Infinity means without limitation or boundary, without beginning or end, without quantitative dimensions. It means omnipresence, the everywhere present. It means omniscience, the all-knowing consciousness. It means omnipotence, the almighty power. This infinite Mind is Spirit, the substance and essence of real being, it is Soul, the identity and individuality of all right ideas; it is Life, the creating and sustaining Principle of all activity; it is Truth, the actuality of being; the Love, it is substance of all goodness and harmony. This infinite, absolute, perfect, indestructible, omnipresent, omnipotent being is the incorporeal Father Mother God, the divine 'us' of the Scriptures whose true nature is revealed through Christian Science."

"This divine actuality is the scientific basis on which all Christian healing is demonstrated, the divine Principle whose unlimited power is utilized in the overcoming of sin and sickness. "Christian Science shows that the so-called mind which includes the belief in evil, matter and disease, is not real Mind but a false concept of mind, the Adam dream, which St. Paul terms, 'the carnal mind which is enmity against God'—in other words, God's unlikeliness or opposite. This carnal mind Christian Science further defines as mortal mind, since it includes all that is sick, sinning, discordant and mortal. It is the inversion or counterfeit of the immortal divine Mind and its betraying characteristic is finity as opposed to infinity. All that is real is infinite, therefore all that is finite is unreal. The unreal beliefs of the carnal mind have neither place, location, nor power, any more than has the school boy's erroneous belief that two times two make five. It is simply a false concept."

"This then is one of the initial and essential steps in the Science of Christian healing—the recognition of the unreality of all that which is unlike God, that it has but a seeming and not an actual existence. "The order of scientific Christian healing therefore is expressed first in the knowing of perfect God and perfect man, followed by the recognition of the erroneous nature of disease, sin and all that is unlike God; then in the application of absolute truth to the elimination of error, so that right, harmonious conditions may be established."

"It is thus seen that Christian healing is not brought about through hypnotism, will-power, or mental suggestion in any form, for these methods all involve a belief in the reality of matter and evil and simply effect the exchange of one belief for another. In Christian Science healing the human mind is not a factor, for the healing power is divine Truth, which dispels error and its effects. The human will does not enter therefore into the operation, even as in correcting a mathematical error we do not use will-power but perceive the error as such and apply the corrective truth."

Human Sense Healed. "The healing work is accomplished in the human mind by bringing about a change in consciousness wherein lies the belief in error which has to be corrected. This human mind is that quality of consciousness which embraces error and yet which can begin to know divine Truth. It is the plane on which the real can reach the unreal. It is a kind of clearing house where Truth can be known, where error can be corrected, and where harmony can be established. It is a transitional stage of experience in which transformation takes place, through the renewal of the mind. It is an imperfect consciousness, still influenced by error, but one to which the saving Christ can come, healing it of the erroneous beliefs and renewing it with the mind of Christ. Mortal mind or the carnal mind is wholly evil and erroneous but the human mind, although containing much error, possesses also some good. It is this element of good which is quickened and enlarged through the appearance of the Christ in consciousness, and which will eventually be so transformed that all error will be destroyed and the perfect, spiritual, harmonious consciousness of the real may be established."

"Christian Science heals sin in the same manner that it heals sickness, by recognizing the fact that evil is the opposite of good or the absence of good, and thus has neither Principle nor law, and that it is not part of God's creation since in the infinity of good there can be no place for evil. It

Start today to buy War Savings Stamps

An excellent investment and a patriotic duty

Out to-day New Victor Records for May

A delightful little song by Martinelli

The famous Metropolitan tenor sings a new lyric of love and springtime, "Welcome, Love!" in a way that will win your admiration.

Victrola Red Seal Record 64722. Ten-inch, \$1

Maud Powell plays four American folk songs

"My Old Kentucky Home," "Shine On," "Old Black Joe," "Kingdom Coming," all on one record, and beautifully interpreted by this noted violinist.

Victrola Red Seal Record 74547. Twelve-inch, \$1.50

A magnificent Handel number by Witherspoon

"Hear Me, Ye Winds and Waves!" an operatic aria in Handel's majestic style. A splendid number for Witherspoon's superb bass voice.

Victrola Red Seal Record 74513. Twelve-inch, \$1.50

Lambert Murphy sings two exquisite sentimental songs.

Two sprightly new dance numbers by Sergeant Markle's Orchestra and Earl Fuller's Orchestra.

Geoffrey O'Hara, Charles Hart and the Shannon Four, and other favorites entertain with tuneful war songs.

Hear these new Victor Records to-day at any Victor dealer's. He will gladly give you an illustrated booklet describing these new records and play any music you wish to hear. Saenger Voice Culture Records are invaluable to vocal students—ask to hear them.

Victrolas and Victor Records in great variety from \$10 to \$400. Period styles to order from \$375 to \$950.

Victor Talking Machine Co., Camden, N. J.

Important Notice. Victor Records and Victor Machines are scientifically coordinated and synchronized in the processes of manufacture, and their use, one with the other, is absolutely essential to a perfect reproduction.

FRIEND OF LABOR

Whose Daily Vocation is to Counsel With and Advise His Fellow Man Concerning His Labor Problems Tells of Physical Relief

READ HIS WONDERFUL LETTER

Dayton, O., July 17, 1917.

To Whom It May Concern:

In December, 1912, I was the victim of a stroke of paralysis, the entire left side being affected. After more than four years of suffering, during the greater part of which time I was under a physician's care, I was advised by an old-time friend (name furnished upon request) to try Hull's Superlative Compound. Representative of the Hull remedy had arranged with the Dayton News for an advertising campaign, and had, of course, explained the benefits to be derived from its use, and knowing my physical condition, my friend asked them to call on me. He told them that "if you can put Murray on his feet you will have done a wonderful thing." That's what Hull's Superlative Compound did—put me on my feet.

When I started taking Hull's I quit my physician. Several weeks later I met him on the street, and he greeted me with: "Well, you sure do not look like a dead man." The day my friend told me about Hull's, I had met him at Fifth and Ludlow, and had asked for and received his assistance in getting

across the street to my office. Many Dayton friends know what my physical condition was several months ago, and they know what it is now. Hull's Superlative Compound entirely responsible for my present greatly improved physical condition. I am out hustling every day, and am confident that within the next few weeks I will be entirely well.—E. B. Murray, Business Manager The Labor Review.

What this remedy did for Mr. Murray it should do for you. The first dose usually proves its marvelous healing power. Hull's Superlative is nature's great remedy, made from roots, barks and other berries, twenty years it has produced truly astonishing results when taken for rheumatism, colds, grip, tonsillitis, stomach, kidney and bladder trouble, dropsy, paralysis, infantile paralysis, etc.

Hull's Superlative is sold by all druggists on a positive money-back guarantee, and any man or woman who is sick or ailing—no matter what the condition or how serious—should lose no time in taking this preparation, for if it does not help you your money will be returned.—Advertisement

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles."

I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound.—Mrs. O. S. Johnson, R. No. 3, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied the happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

Your Child's Skin

will be free from chafing, scalding eruptions and all soreness if you use Sykes Comfort Powder

For more than 25 years it has been healing and preventing skin soreness.

25c at the Vinal and other drug stores

The Comfort Powder Co., Boston, Mass.

Careless Use of Soap Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsum coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsum coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after-effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

FACTORY GARDENS.

A few years ago comparatively few factory operatives planted gardens. A good many foreign-born mechanics had them, being used to cultivating them in their native country. But our native Americans had reached the easy conclusion that it was too much work.

In foreign countries factory proprietors plan for a big garden as a part of their enterprise. It doesn't cost them a great deal. The men are better contented, less likely to drift from one place to another. The gardens add to their thrift, prosperity, well being, and usefulness as workers.

It is common in England, where factories are located in the middle of towns, for the proprietors to secure large lots outside the towns. Frequently the garden-workers will be transported out to the garden lot after supper.

In one manufacturing town in Connecticut where French-Canadians are mostly employed, it is reported that practically every factory employee ran a garden last year. About 500 employees in that village raised \$10,000 worth of vegetables.

It will be a far-sighted policy for corporations and individual manufacturers to co-operate with this movement. Many of them are renting available land and having it ploughed, harrowed, and fertilized at their own expense. If that is done, the great majority of the mechanics would gladly do the rest. It is a big food-raising proposition. If every factory in this country would have its garden, vegetable prices would be very reasonable. It would lead the farmers to specialize more on the staples like corn and wheat than can be shipped abroad.

NEWARK'S THRIFT DAY.

Next Saturday is to be Thrift day in Newark. All merchants are requested to have their clerks offer Thrift stamps to every customer and it is suggested that the merchants offer special Thrift bargains on Saturday—specials that will appeal to thrifty people. A Thrift stamp should go with every purchase next Saturday.

The secretary of war, watching the draft, indicates that a Baker ought to make things hot for the enemy.

It was a little too chilly to enjoy pink lemonade and peanuts on the circus seats last night.

The calendar tells us this is May 1, but the thermometer doesn't.

ON TO BERLIN.

(Ohio State Journal.)
"On to Richmond" was the favorite cry during the civil war, and it was kept up until Richmond was captured. Now the rallying cry should be "On to Berlin," and it should be kept up until that citadel of Prussianism tumbles. The force of public sentiment upon this matter would soon penetrate military duty and give it purpose and strength. It really looks as if we won't have peace until we reach Berlin. That is the headquarters of Hunism. When we get there the terms of peace will be easy. The United States does not want any portion of Germany, but there will be great justice in dividing it up among France, Belgium, Italy, Serbia, Poland, Roumania and those nations which have suffered the most. If Germany keeps up the war until the bitter end, this is liable to be the result. It would at least give Germany a taste of her own medicine. The world could better get along with Germany off the planet.

THE DECISION.

(By Prof. W. H. Johnson.)

A good many people are frightening themselves and others unnecessarily by anticipating "a decision" of the great world conflict at some particular spot on the present battlefield, and at some particular moment in the immediate future. This is to view a great matter in a very narrow way. The issue of the present conflict was decided when it was begun.

When the Kaiser and his henchmen set themselves to turn the great currents of justice and liberty and humanity backwards, they set themselves an impossible task. The modern world has learned the value of these great foundation stones of civilization too well to give them up. If the war could conceivably end today with Germany in possession of all that she has succeeded in fastening her unclean hands upon during the past four years, within less than a generation she would stagger and fall beneath the load. For no part of the lands forcibly annexed would submit to her unjust domination without the constant presence of such large bodies of troops as it would be economically ruinous to Germany herself to maintain.

But the war is not going to end with all, or with any part, of these stolen lands and peoples in German hands. As I have said above, the issue of this war was decided when it was begun. The great world outside the central power (why keep up the farce by saying powers, as if Turkey or Austria were independent?) is not going to give up the foundations of civilization and progress even temporarily. The men and the means and the invincible determination to overcome this brute "thing," without conscience or honor, are available and will be used to any limit of amount and time that may prove necessary. It would be senseless to quail before the cost of victory, when any man of sense can see that it would be immeasurably more costly to stop at any point short of victory. Why belabour the issue, then, and sow seeds of discouragement among those of our own people who have not thought the matter through, and at the same time give encouragement to our enemies abroad and our traitors at home, by talking as if the whole outcome were hanging in the balance, liable to be tipped either one way or the other by the uncertain events of a day at Ypres, or Arras, or Amiens, or Mont Kemmel, or even the channel ports themselves?

There is only one proper attitude of mind and speech for Americans today, and that attitude stands upon firm material, intellectual and moral foundations. It is this: Whatever may happen at any given point in the line, or at any given time, this war will reach its "decision" only when the brutal raid of Hohenzollernism upon the world's liberty shall be crushed. We have put our hands to the plow and there will be no turning back until this recrudescence of barbarism is plowed under; and too deep for a second sprouting.

There is only one proper attitude of mind and speech for Americans today, and that attitude stands upon firm material, intellectual and moral foundations. It is this: Whatever may happen at any given point in the line, or at any given time, this war will reach its "decision" only when the brutal raid of Hohenzollernism upon the world's liberty shall be crushed. We have put our hands to the plow and there will be no turning back until this recrudescence of barbarism is plowed under; and too deep for a second sprouting.

SAVING PLEASURE MONEY.

The senior class of Vassar college has shown the right war-time spirit by voting to give up their class-day and other graduation doings, except the baccalaureate sermon and presentation of diplomas. They expressed the desire that the families of the seniors give to war relief the money they would naturally spend on these commencement doings. Graduation festivities are the very crown of college life, and it has been some sacrifice for these girls to give them up. Similar plans for simple commencements will be made in the majority of our big schools.

These girls show the way in which most of us can curtail on non-essentials without injuring any vital interest, and so save money for Liberty bonds, war stamps and war funds. The amount spent for pleasure by our people is perfectly enormous. It would almost finance the war.

It is not asked that our people give up all their pleasures in war-time. But they can pursue them in less extravagant ways. The people who find it necessary to visit the most gorgeous and gilded summer hotels, can select modest inns where every desire but the love of display will be satisfied.

Summer vacationists, instead of making long and costly railroad and automobile trips, can spend their outings in places near home. What they need is merely rest and change. These are very simple things, and can be found anywhere in country scenes.

The motorists will be just as happy to cover 50 miles on a Sunday run, as if they scorched over a 100, and they will save gasoline and tire costs.

There is plenty of money in this country to finance this war if we can get the spirit shown by the college girls referred to above.

And when the punctual May arrives, With cowslip-karland on her brow, We know what once she gave our lives, And cannot give us now! —Bayard Taylor.

May.
Goodmorrow, dainty Lady May, We're glad to welcome you; It's wonderful what such a gay Young thing as you can do!

Your fragrant breath the earth must warm Until life from it springs; The dormant seeds you must transform To burgeoning, green things.

Your stay with us is all too brief, But I am sure, my dear, At starting things you are the chief, Month of the whole long year.

Soldiers Don't Get Them!
Aunt Caline says:—Last Wednesday we was all over at the Personage where the Willing Workers was at a-holding a meeting. Reel late Otto Grubb's mother, which is Hadda, she come in an' sunk sorta week-like into a cheer an' she looked some pall two. An' says she, "Girls, it has come at last!"

"What?" says I. "Why Qto!" He has been ketched by the draft," she says. Gran'ma Podnose, which she don't here none two well, she didn't quite ketch what Hadda said so she says, "Well, don't let that worry you none, Hadda," she says, "Jest dress him warm an' above all sea that he don't hev cold feet," she says.

Did You Know
That the Latin word for May is Maius, which was contracted from Magius, the root of which is mag, meaning to grow? May-day has been celebrated from ancient times. In England, it was customary during the middle ages for all, both high and low—even the court itself—to go out at an early hour on the first morning of May and, Chaucer says, "fetch the flowers fresh." Among the Romans, the feeling of the

Man Behind.
The man behind the gun Lacks not for grit and poise, It's up to us to buy The bond behind the boys. —New York Sun.

And the man behind the wad He need not spare his pet— For the man behind the bond, Is Uncle Sam himself. —Cleveland Plain Dealer.

Man and bond and boy and gun— An invincible array! That will surely lick the Hun And gain for us the day.

Oh, Sads.
A love-sick young man from the Thames Proposed to a maiden named Lhames. "Oh, light of my life," Said he, "be my wife, And I'll buy you rich clothes and rare shames." —Luke McLuke.

There was a young man from the Seine Who had wooed a French maiden in veine. When he said, "Tm the Duc Lucien de McLuke," She whispered: "Oh, ask me againe." —Boston Advertiser.

Then arrived a young man from the Sault Sainte Marie, and he fell in love, taut; "His name is the Duc de McLuke," And deserves a rebuc. He said, then he started to wault.

SPEAKER CLARK.

(Baltimore Sun.)

Speaker Clark's refusal to accept the seat in the United States senate made vacant by the death of Senator Stone is, on the whole, a surprise. The power of the speaker of the house has been considerably curtailed in recent years. Under the amended rules he can no longer play the czar, or divide honors and authority with the president. But he can still retain much of the prestige of a great office, if he is as able a parliamentarian as Mr. Clark and has his art of making and keeping friends in the house. A very considerable measure of talent and of positive character is needed to maintain political privacy in such an assembly as that, and Mr. Clark has an influence and standing there which he may not be able to carry with him to the senate. Nevertheless, few representatives, no matter how brilliant or potential their record in the house, refuse a senatorship when it comes their way. It is still, as in the past, regarded as a promotion in dignity and importance. Mr. Clark would have been the logical successor to Senator Stone as one of Missouri's representatives in the senate. We do not mean his logical successor because he is a man of the same type or of the same caliber. The speaker is a larger man in every way than Stone, and differs from him temperamentally as well as in personal characteristics. His imperfections are not these which belong to silence and softness. His political feet are not shod with rubber, but with iron, and ring loudly on every road he travels. Like Mr. Roosevelt, he can always be located by the low-bellied make where we can at least always tell where he is. He has no concealments, and discretion is not with him the better part of valor.

His very defects have made him extremely popular in his own state and in the house of representatives. There is an old-fashioned and decided flavor about his politics and his personality that is to the taste of the average man. He is a simple, not a complex, human problem, and men do not have to study and analyze him to understand him. By reason of his large political experience and prominence Mr. Clark would have been the logical Democratic candidate for the senate, and it is therefore a little surprising that he should refuse the honor. Considering the unique position he occupies in the house, however, who shall say that he has acted unwisely?

FACING A FAMINE.

(Washington Post.)

The United States is facing a coal shortage of 75,000,000 tons for the current year. Coal production fell off 1,500,000 tons during the first week of this month. Shortage of cars at the mines is given as the principal reason for the falling off in production. Mines have been kept idle for days at a time, it is stated by the Fuel Administration, and miners, feeling keenly the loss of earnings resulting from this idleness, are leaving the coal regions and seeking employment in war industries in the manufacturing centers.

One-third of the year is gone, and instead of piling up a reserve supply of fuel to meet the heavy demands of winter, the production has fallen far below requirements. At this rate a coal famine stares the country in the face.

What a sad commentary upon American efficiency! Lying beneath the surface of the United States are thousands of billions of tons of coal, enough to supply the country for many centuries. Is there not enough enterprise and energy in the country to dig it out and place it at the disposal of America and her allies?

Even now the Fuel Administration

springtime found expression in their Florida and with the old Celtic people a festival called "Beltoin" was held on May-day.

Loosen Up.
Say, did you ever stop to think, This war would soon be on the blink, And every Hun be forced to run back to his native heath by jink, If each and every loyal gink Would step right up as quick as wink, And promptly say, that now, today, With Uncle Sam I'll spend my chink?

You know it takes a lot of dough To fix things up so he can go, And take a slap, at that big yop, Who wants to run the whole dern show.

And there's no finer way to blow A couple hundred plunks or so, So wake up boys, make lots of noise, And let them bug from dollars flow.

We'll use the coin that you turn loose To show them that it ain't no use, And he'll soon find we're not the kind Of folks to stand for his abuse, We'll make his ace look like a deuce, As 'round his neck we place the noose, And dangle there, high in the air, He'll cry, "Mine Gott, they've cooked our goose." —I. G.

The Man Behind.

LET'S PRAY THE CHAIN DOESN'T BREAK

FAIRFIELD MAKES A RECORD IN THE LIBERTY LOAN

Cleveland, May 1.—Ohio has subscribed \$155,645,050 of the total Liberty Loan bonds sold in the fourth federal reserve district, according to the official figures announced last night. Of this amount the Cleveland area has subscribed \$75,853,150; the Cincinnati area \$43,844,300; the Toledo area \$24,500,050 and the Columbus area \$11,447,550. The total for the district is \$247,329,150.

Fairfield county, Ohio, probably holds a record. In the three loans, it is claimed, an average of \$50 has been subscribed for every man, woman and child in the county.

Columbiana county's total has reached \$1,629,050 of its maximum quota of \$1,800,000 which it is expected will be subscribed before Saturday.

Boys Scouts in Columbus have secured \$127,000 in subscriptions to the first two days of their campaign. With a quota of \$924,950, unofficial reports indicate that Fremont county has raised \$1,125,500.

UNCLE SAM NEEDS HELP

(By Ella J. Schaad, age 16, Kirkersville, O.)

At this time of great national need the country is calling upon every man, woman and child within its limits to help in this struggle. The call now is to buy Thrift and War Savings stamps, and let Uncle Sam use our money as best he sees fit. If you cannot buy savings stamps purchase Thrift stamps. You may think your quarter will not be of any great help, but there is where you are mistaken as the quarters will soon be dollars and that's what counts to beat the kaiser. Some people claim to be so patriotic, yet they have made no sacrifice whatever. This is where they can prove themselves loyal to their country. Others say they have money in the bank but do not wish to take it out as they will lose their interest. They do not seem to realize the need and are not willing to even lose a little bit of interest for the sake of the boys who are fighting in the trenches. They act as though they were giving their money away, yet they will get it all back with some in addition for the use of it. Some say, "What if we are beaten, then we would lose our money! What would we care for the money if this would happen. It's up to us to help our country so such a thing cannot be. Our young men are going to France to make their sacrifices, perhaps with their very lives; yet some of us sit at home just as if nothing had ever happened, and let them suffer for the want of a little help. Perhaps some of your own friends are lying wounded and at death's very door and the price of one stamp would save them, still some people cannot think of the idea of giving up some candy or chewing gum for their benefit. Think of their sacrifices then think of ours. We ought to be ashamed to call upon Old Glory to shelter us when we are in trouble.

Spirit of the Press

A Patriotic Mother.
All slackers should take to heart the story of a deserted wife in Kensington, with 10 children, who earns \$12 a week and has subscribed for a \$50 Liberty bond on payment of \$1 a week. With children all the way from a few weeks old to 14 years, this mother goes to work every day, and not only cares for her brood, but is ready to help the government. After such an exhibition of patriotism the evident thing for all the rest of us to do is to subscribe for more bonds—keeping on until it hurts badly. If the people of this city will do relatively one-tenth as much as this poor woman the government will never lack for money. —Philadelphia Bulletin.

Bonds or Fines.
A Chicago judge has struck a new note of patriotic duty. There was a number of men before him charged with the traffic law, so he gave the accused the choice of buying a Liberty bond or paying heavy fines. The prisoners in nearly every case chose the bond route of escape from their toils. The bailiff who had charge of the sales booth in the judge's ante-chamber reported \$3000 bonds sold that day. The state's attorney remarked, "It's the first good I've known to result from speeding." It does seem a very proper use of the judicial prerogative. Let the good work go on. —Ohio State Journal.

CAMP SHERMAN NOTES

ASSOCIATED PRESS TELEGRAM

Camp Sherman, Chillicothe, Ohio, May 1.—Twelve British "seventy fives" arrived here this week and will be used by the artillery regiments.

Selectives in the 322nd and 323rd light field artillery will benefit by the arrival of the guns. Wooden dummy field pieces and a number of Russian three-inch guns have been used in Battery practice by these organizations. Extensive field maneuvers are in prospect for the two regiments in the near future, according to information given out today. Batteries will be mounted and long practice marches will be indulged in. The two organizations completed their target firing several weeks ago, and have been undergoing intensive drills ever since.

A three day hike by batteries C and D, 323rd light field artillery is scheduled for tomorrow. The men will be gone until Saturday night or Sunday morning. Full packs and full field equipment will be taken by the two batteries which will be mounted.

A communication detail from the headquarters company and a supply detachment from the supply company the two batteries. At least four hundred men will make the trip.

Major F. G. Baldwin of Cincinnati will be in command of the battalion during its practice march, the first of any length to be taken by artillery selectives here. It is planned to have maneuvers en route.

Battery B, 324th Heavy Field Artillery, began its target firing on the artillery range yesterday. Batteries C and D are scheduled to go into camp at the range Friday preparatory to target practice.

Officers and enlisted men in the 330th infantry are receiving instruction in gas defense all week. Captain W. B. Hunter of the British military mission is supervising the work. The men carry their gas masks with them at all times during the entire period of instruction.

The 158th artillery brigade took a ten mile night march last night. Strict marching discipline was observed by all of the units.

Photograph records to be turned over to the wards at the base hospital are wanted by the Y. M. C. A. secretaries. Twenty-five of the thirty-six wards have been equipped with modern photographs. It was stated today that any kind of disc records are suitable for use in the hospital. Records may be sent by mail to the base hospital care of Secretary Frank R. Speck of the Y. M. C. A.

Major General William Holbrook left the cantonment today for a southern post. He was recently promoted from Brigadier. The division is left without a brigadier.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

NEW OHIO BUREAU OF JUVENILE RESEARCH FIRST IN COUNTRY

Columbus, May 1.—Ohio today began the work of setting in motion what state officials say is the most constructive movement ever attempted in the United States for the classification and segregation of the socially unfit and the protection of society from the contaminating influences of its impaired units. Dr. Henry H. Goddard, a scientist of note will have charge of the work as head of the new bureau of juvenile research.

By the creation of the bureau, the first of its kind in the United States, Ohio becomes the pioneer state in the Union in a work that has long been the dreams of those who study social problems. The bureau had its inception in the eightieth general assembly and the bill creating it was approved by Governor Cox in 1913.

Under the law all wayward and defective juveniles are to be committed by the courts to the Ohio board of administration, instead of direct to the various institutions. In this way the children will come to the bureau of juvenile research and will be detained there for observation and to ascertain if they are defective or normal. Investigators will visit the homes where surroundings and antecedent conditions will be looked into. This information will be filed with the results of mental and physical tests to determine if any ailments operate to the disadvantage of the youths.

With the complete records, the bureau will then decide whether the children are normal or defective. Defectives will remain in the custody of the state and will be assigned to the proper institutions for treatment. Normal but delinquent children whenever possible will be placed in private homes where wholesome moral influence and good training will give them the chance denied them in their own homes to become good citizens.

An appropriation of \$100,000 has been made for a building to house the bureau to be located on the grounds of the Columbus state hospital for the insane. Dr. Goddard, head of the bureau will receive \$7,500 a year.

Zimmerman's Crest Eye

Water Now On Market "Zimmerman's Crest Eye Water" is a new preparation just placed on the market by Mr. H. C. Zimmerman, manager of the Mykranitz Drug store, North Park Place. This new eye preparation is made by Mr. Zimmerman and has found a ready market where ever it has been introduced. It is put up in bottles and each bottle together with dropper is incased in an attractive carton. The article retails at 25 cents and is on sale at any of the Mykranitz chain of stores and all leading druggists. Mr. Zimmerman states that the new preparation is one to which he has devoted much time and that it will measure up to all the claims made for it.

WE MUST WIN THE WAR, SAVE ONE-HALF OF YOUR GAS, ONE-FIFTH OF YOUR FOOD.

WM. E. MILLER HARDWARE CO. NEWARK, OHIO.

Cordially invite you to attend the Domestic Science lecture and demonstration of Favorite Fireless Cooking Gas Ranges by MRS. ADA IRVING DUSHER. To be held at their store MONDAY, TUESDAY, WEDNESDAY, MAY 6TH, 7TH, 8TH.

The lectures start promptly at 2:30 o'clock each afternoon. Mrs. Dusher is one of the foremost lecturers on Scientific Cooking in this country and she will show you how the "favorite Fireless" saves one-half of the gas, one-third of your time and one-fifth of your food.

WE INVITE YOU TO COME AND MEET HER. 5-1-17

ALL FOOD STORES

Groceries, meat markets and bakeries will be closed on Thursday afternoons starting May 2 and every Thursday afternoon thereafter until October 1 in favor of war gardening. 5-1-d-17

Saturday, May 4, is Thrift stamp day. Buy \$1.00 worth of garden seed at Osburn's and get a Thrift stamp free. 5-1-17

Returns to Camp.

Charles R. Miller of battery C, 134th U. S. field artillery, who was called home on furlough on account of the sudden death of his mother last week, returned Tuesday to Camp Sheridan, Montgomery, Alabama.

Injured in Fall.

George Hughes, who fell on the east side of the square yesterday afternoon and injured his head and side, was taken to the Sanitarium in the Criss Bros. ambulance.

Good Samaritan Bible Class.

The Good Samaritan Bible Class of the West Side Church of Christ will meet on Thursday May 2 at the home of Mrs. Baughman, in 16 Sixteenth street.

Stationed at Newport.

J. C. Ditter, of the Mitchell clothing store, has received a letter from his son, George Marshall Ditter, who recently enlisted in the naval radio service, stating that he had passed all examinations with a high grade and was now stationed at Newport, R. I. His present address is, George M. Ditter, Eighth Regiment, Co. A, United States Naval Training Station, Newport, R. I.

Prayer Meeting.

Woodside prayer meeting will be held at the home of Mrs. Jones, Eddy street, Thursday morning at 9 o'clock.

Newark Ad. Club.

The Newark Advertising club will have an organization meeting and dinner at Masonic temple tomorrow evening at 6 o'clock. Several members of the Columbus Ad. club are to be present.

A Play at Jacksontown.

One of the most unique and clever plays which has been presented in Jacksontown for some time will be the White House Reception, which

will be dramatized by 50 pupils from the Jacksonlow public schools on Thursday evening, May 2, at the town hall. The play is under the direction of Marjorie Belle Rice who furnishes the costumes. Every boy and girl will be in full dress evening costume.

Aid Society.

The Aid Society of St. Paul's Lutheran church will sew for the Red Cross at the home of Mrs. Brown, East Main street, Thursday afternoon.

Whatsoever Circle.

The Whatsoever Circle of the King's Daughters will meet at the home of Miss Kirby, Union street, Thursday evening at 7:30 o'clock.

Rummage Sale.

The local post of the Salvation Army is holding a rummage sale all this week and next week, for the benefit of the local work. Those having clothing and other saleable articles for this worthy cause please call phone 3146, or address Adjutant Figgins, 49 North Fourth street.

Business Meeting.

A called business meeting will be held at the close of the prayer meeting services at the Second Baptist church on Wednesday evening and the members are urged to be present.

Missionary meeting.

The Woman's Home and Foreign Missionary society of the Holy Trinity Lutheran church will meet at the home of Mrs. Louis Kerr, in 90 Linden avenue at 2 o'clock. Members are asked to remember the meeting is the May memorial meeting.

Goes to Washington.

Pete Baruxes, of the Sparta Confectionary store, went to Washington today to undergo an examination for interpreter in the service of the United States.

Resigns Position.

Mrs. Mary Henry, who has been employed as bookkeeper with the Newark Telephone company has resigned her position.

Removed to Hospital.

The Bradley ambulance removed Mrs. Wise from the Evergreen farm in the Welsh Hills to the City Hospital.

Taken to City Hospital.

Mrs. J. C. Brown, was removed from her home corner of East Main and Buena Vista street to the City Hospital in the Bradley ambulance.

Government Inquiry.

Chief Sheridan today received a telegram from the department of justice asking for the correct age of Dwight Winters, son of Mr. and Mrs. Perry Winters of 63 North Cedar street. Winters left Newark last Saturday to join the navy, and word received from his parents stated that he was at Norfolk, and that the government would inquire of them concerning him. Winters was 21 years old the 23d of last July.

Has Arrived in France.

Mr. and Mrs. Frank Winters, South Fifth street, have received a letter from their son, Paul T. Winters, who has arrived safe in France. He is with Company B, 41st Engineers. He states that he is feeling fine and enjoying his trip very much.

Goes to Washington.

H. S. Graham of 30 North First street left today for Washington, where he has accepted a government position.

BULL MONTANA HAS BEEN INTERNEED AS AN ENEMY ALIEN

Fred Whitman, known in sporting circles as "Bull Montana," has been arrested at Louisville, Ky., and ordered being in restricted territory without ed interned on the nominal charge of an enemy alien permit.

Whitman was arrested on a showing that he had written a letter to a soldier at Camp Zachary Taylor, advising him that if he should be captured by the Germans, he should make himself known as a friend of the writer. Whitman came to the United States in 1912 from Bavaria.

The "Bull Montana" who has been interned is not the one who wrestled Paul Bowser in this city, as he is working in pictures with Douglass Fairbanks in the west. There are three "Bull Montanas" in the wrestling game.

UNDER THE STARS AND THE STRIPES

The best ever. That is the verdict of practically all who attended the patriotic operatic presentation, "Under the Stars and Stripes," given by the Utica schools at the Opera House in that village. The program, lasting for nearly two hours, was replete with patriotic songs, solos, choruses, drills, and readings. Every actor was a star performer, hence special mention would include all who took part. The special features, however, would include the high school glee club, the high school orchestra, The Pickaninies, and the tableaux with the use of the lanterns. The success of the program was due largely to the untiring efforts of the teachers, especially Miss Shauk, who acted as general director; to the co-operation and willingness on the part of the pupils, every grade of whom was represented; and to the generous patronage of the general public. To all these, to Mr. Frank Martin who operated the lantern, and to Mr. Raymond Hayes who acted as Uncle Sam, hearty thanks are hereby expressed.

The program was also huge success financially, the total receipts being \$22.50. The expenses amounted to \$7.12 as follows: costumes, \$26; printing, \$7.15; books and music, \$9.82; running third prize, \$11.00; Meyer & Lindorf, \$10.01; drapage, express, sundries, \$11.01; total, \$75.12. Leaving a balance of \$14.38. This balance will go toward paying for the school lantern and the set of stereographs and stereoscopes, the whole cost of which is \$100.

BOYS RAN AWAY WITH THE

(TRUCK) CAME TO NEWARK. Two families, one from Cincinnati and another from Columbus, came to Newark yesterday to try to find sons who had left their homes with the circus. Mrs. Beck, who came from Cincinnati, was unsuccessful in finding George Beck, 15, who, the circus people claimed, left the show at Columbus. James Whitehead came from Columbus to find his brother, aged 14, who had left to join the circus. The show, Young Whitehead was located and returned to his home in Columbus last night with his brother.

A LIBERAL OFFER BY LICKING CREAMERY COMPANY

To the Users of Milk and Cream From Its Retail Wagon.

The Licking Creamery Company begs to announce that until further notice it will make a regular monthly award of two (2) \$1.00 sheets of milk tickets upon each of its retail milk wagon routes to private consumers of milk and cream throughout the city.

The awards will be made on the 15th day of each month.

A duplicate receipt stub from every sheet of tickets sold during the preceding month will be placed in a box from which the names to receive awards will be drawn by a disinterested party. Each route will be handled separately.

THERE IS BUT ONE CONDITION QUALIFYING THESE AWARDS.

All competitors must have their accounts with the Licking Creamery Company paid in full for the month preceding the one in which any given drawing occurs.

In other words, should a duplicate of one of your ticket receipt stubs be drawn on the 15th of one month it would not receive an award unless your account was paid in full for the month preceding.

This is absolutely the only requirement made, thereby characterizing this proposition as being extremely clean cut and liberal.

We hope it will please the public. Watch for the next drawing. Your name may be among the fortunate ones to be announced in the papers following the next drawing.

LEGAL NOTICE.

James W. Mercer and Charles T. Mercer, whose residence is unknown, will take notice that on the 27th day of March, 1918, The P. Smith Sons Lumber company commenced its action in Case No. 19154, Court of Common Pleas of Licking County, Ohio, against The Board of Education of the Hanover Village School District of Hanover, Ohio, and the said James W. Mercer and Charles T. Mercer, late partners in business using the firm name and style of Mercer Bros., demanding judgment against the said Board of Education for the sum of \$2,000.00 with interest thereon from September 11th, 1916, being the amount of a certified check made by said The P. Smith Sons Lumber company to the Clerk of said Board of Education for that sum which was deposited with the Clerk of said Board by said firm of Mercer Bros., together with the bid of said firm for \$10,498.00 for the construction of a school house in the village of Hanover, which bid was not accepted by said Board of Education and which said check the said Mercer Bros. claimed to have cashed and has since refused to pay said plaintiff the amount thereof, which is sought to be recovered in said action against said Board of Education with interest as aforesaid.

The above named defendants are hereby notified that they are required to answer said petition on or before the 25th day of May, 1918, or judgment will be taken according to the prayer of said petition.

THE P. SMITH SONS LUMBER COMPANY, Plaintiff.

By Kibler & Kibler, its Attorneys. 3-27-Wedot

ROAD NOTICE.

Notice is hereby given that a petition has been presented to the Commissioners of Licking County, Ohio, at their office, April 12, 1918, for a change of location of the county road on the following line to wit: Beginning on the line between the farm of McCracken and Mrs. Davy, thence south on the line between Mrs. Davy and John Gutridge to the National Road, about ten (10) rods of which goes through the John Gutridge farm.

Commissioners will view the proposed improvement May 7th, 1918, at 10 o'clock a. m. also May 10th, 1918, at 10 o'clock a. m. is the day set for final hearing thereon, at the office of the Board of County Commissioners.

PARK MORRISON, Principal Petitioner. J. E. McCracken, J. S. Mason, Clerk. 4-17-Wedot

BRISCOE \$825 THE CAR WITH THE HALF-MILLION DOLLAR MOTOR

The Briscoe motor is famed at home and abroad for its inexhaustible power, quick acceleration, and for its astonishing economy of gasoline.

Its power enables it to climb the entire length of Catholic cemetery hill less than 10 miles per hour in high gear.

Its acceleration enables it to spring from a standstill to 45 miles per hour in one city block. We have report after report from owners verifying that 20 to 30 miles per gallon of gasoline is not exceptional.

You will do well to look over the Briscoe thoroughly and challenge its performance before making your decision.

PLAN to PLANT & WIN the WAR.

Particularly Handsome Coats

Are being displayed during this, the first week of May.

The most exclusive style tendencies of the season are shown in these fine coats, scarcely two alike in the whole assemblage. This exhibit will be an especial treat to the woman who is interested in the most recent fashion news, and she will also have a chance to see and try on the new styles.

These Are Coats With That Air of Smartness Which Make Them Apart From The Usual.

This attractiveness is due to careful designing, to the proper selection of colors and materials and to the graceful manner in which the essential style features have been worked out.

The novelty starts with the rich and brilliant fabrics, silvertone, cut velour, silk faille, fine serge, in standard shades of course, but also in unusual shades. The collars, cuffs and belts present unique effects and one wonders where so many ideas come from, so varied and yet so uniformly fascinating are the treatments. ONLY A TRY-ON will really show you how handsome these coats are. WILL YOU NOT COME IN THIS WEEK? You could ask for no better opportunity to purchase just the right kind of a spring coat, and the present showing contains.

MANY EXCLUSIVE NOVELTIES IN FINE COATS.

The U. H. Mazy Company

SCREEN WILL BE WELL GUARDED WHILE IN CITY

For the next four days the Auditorium will be under close surveillance by plain clothes men during the showing of "The Kaiser, the Beast of Berlin." Manager Geo. M. Fenberg has arranged to have the films securely locked in one of the big bank safes after every evening showing and a plain clothes man will guard the machine operators.

It is not thought there will be any demonstration by any local pro-Germans but Mr. Fenberg will take no chances. The picture has almost caused a riot in several of the larger cities of the country and in one Iowa city one of the spectators became so excited that he arose in his seat and fired four shots at the Kaiser before he could be disarmed.

The picture is a thriller, true to life and will be seen by thousands of citizens during the four days engagement in Newark. It is a true to life reproduction of the court scenes and the Kaiser's plotting in Berlin, his wonderful and gorgeous costumes, war scenes in Belgium and the final overthrow of plutocracy after America enters the war.

While the picture corporation managing the screen is sending one of Cincinnati's experienced detectives here Chief James Sheridan has ordered Manager Fenberg any assistance which he may need and local officers on that beat will drop into the theater occasionally to see that there is no disturbance of any kind.

WEATHER PUT DAMPER ON THE WALLACE SHOW

With a handicap of a railway breakdown, cold and disagreeable weather, a shortage of help and a late parade, the Hagenback-Wallace circus exhibited in this city yesterday to a small attendance in the afternoon but to a packed tent at night.

The parade did not reach the uptown business district from the show grounds until twenty minutes after two o'clock and the afternoon performance started at about 3:30 and was over shortly before six o'clock.

The night performance began about 8:05 and was over at 10:15. Considering the great handicap of a shortage of experienced men to work the acts and the fact that Newark was the third city in which the circus has appeared this spring, the management really gave a creditable performance.

There was a lack of clowns as compared to former years but the management informed the Advocate that over one hundred of them enlisted or were drafted for army service. The feature act of the circus this season is the remarkably clever equestrian with the aggregation, Rosa Rosalind heading the list. She turned a complete somersault yesterday from one horse to another while both were circling the ring. The trained horses and animals were also chief attractions, the animal act proving a thriller.

First of the three circus trains pulled out of Newark for Chichester this morning at 1:05 o'clock, the second at 1:45 and the third after daylight this morning.

MINNESOTA ECHO.

The Minnesota Community club was very pleasantly entertained at the home of Mr. and Mrs. Ralph Keller of the Welsh Hills road, Friday evening, April 26. After a delightful evening of games, music and refreshments, Miss Green, who presented reminding her of her birthday anniversary. The following officers were elected for the next term of office. President Harold Criss; vice president, Preston Finney; secretary, Grace Green; treasurer, Ralph Keller. The club was very cordially invited to meet at the home of Frank Parkinson in two weeks, May 10.

We now have thirteen stars on our "Thrill Service Flag." We are making a special effort to make ours a hundred per cent school.

The school was given a half holiday Wednesday afternoon on account of the regular Teachers' meeting.

Alice McNealey, Willis Keller and Leo Young made the highest average in spelling in the seventh and eighth grades. Frederick McNally in the fifth and sixth grades last week.

The eighth grade students are very busy getting ready for their final examinations, and commencement exercises which will be Thursday, May 16 at Taylor Hall.

We will soon have to starve the "skeleton box" this week. Frederick McNally is our champion croquet player.

Willis Keller made the best record on the "Honor Roll" last week. Leo Young will represent our school at the county spelling contest at the High School auditorium, Friday evening, May 2.

We are very anxious to have all our mothers and any others who desire, visit us Friday afternoon at school from 1 to 3:30.

TOO MUCH CONFIDENCE IN FEDERAL SEED CORN.

Too much confidence is being placed in the ability of 1918 federal stocks of seed corn introduced in Ohio, according to the representatives of the Ohio State University, who supervised the purchase and distribution. While two composite tests have been made of this corn and these showed a germination of over 90 per cent, in every case, none of it has been ear tested. To get the best stand possible, it is recommended by E. H. Buxton, of Ohio State University, in general change of the buying of this corn, that it be ear tested. The corn crop is too important to permit any guess work at any point.

PREPARING FOR SUNDAY'S GAME WITH SOLDIERS

There will be a meeting of the local baseball players, who expect to participate in the game with a picked team from Camp Sherman Sunday afternoon, May 5, at 7:30 o'clock, at McDaniel's restaurant to make final arrangements for the game.

Manager Emmett McDaniel announces that he has signed up "Fod" Ashley to play first base for the local team. Ashley formerly played with the Fitzsimmons team in the Capital City League and last year played with the semi-professional team at Denison.

BELL TELEPHONE WORKER STRONG FOR NERV-WORTH

"Did More for Me Than Its Makers Claim," He Tells His Druggist.

Nerv-Worth is rapidly winning golden opinions from all sorts of sufferers, as the rising tide of signed endorsements clearly proves. Here is one of a convincing kind.

"For two months last summer I had a complete nervous breakdown. My stomach, bowels and digestive organs were in bad shape. Had to be taking physic all the time. Got but little sleep and no rest and was all worn out in the morning. My appetite was bad and I did not enjoy what little I did eat. I bloated badly from gas forming on my stomach."

"I purchased two bottles of Nerv-Worth from E. C. Shepherd, the Martinsburg, W. Va., druggist and want to say that after taking them ALL THESE TROUBLES HAVE DISAPPEARED. No more nervousness, eat anything I want and digest it, sleep soundly and am working for the Bell Telephone Company every day. Am strong and vigorous. I cheerfully recommend Nerv-Worth to all, as it did more for me than the makers claim."

"W. H. HALL,
224 E. Martin Street,
Martinsburg, W. Va."

The T. J. Evans drug store sells Nerv-Worth in Newark. You dollar back if this famous family tonic does not benefit YOU. 4-28&5-1

NEWARK GIRLS ENLISTING IN NAVAL BRANCH

Two new enlistments were secured yesterday by Recruiting Officer H. G. Harris of the U. S. Navy at his office in the Memorial building, Theodore C. Ruff, 365 West Main street, enlisted as a plumber in the naval reserve and J. Jefferies as an apprentice seaman. These men, together with Clarence E. Stricklin, 248 East Main street, first-class mechanic, naval recruit, and C. M. Norris, 391 Florence street, apprentice seaman, who enlisted last week, were sent to Parkersburg, W. Va., this morning for their final examinations. The Yeomanette branch of the service is proving very attractive to the young ladies of the city as there were about twenty, who called to get the full details of the enlistment yesterday. Five of the girls joined up at the time and they left this morning for Parkersburg and after passing their examinations at that place will return to Newark to await orders.

SERVICE FLAG CELEBRATION BY LOCAL EAGLES

The local order of Eagles will hold a public service flag celebration at the Knights of Pythias hall Sunday afternoon, May 5, at 2 o'clock. These celebrations will be held by the lodges all over the United States, Canada and the Philippine Islands in honor of the soldiers who have joined the colors. The following interesting program has been arranged: Patriotic music by the Field orchestra, address by Hon. J. R. Fitzgibbon; recitation by Cooper, and an address by Dr. H. H. Baker.

ACCEPTS CALL TO PULPIT OF LOCAL CHURCH

Rev. Charles H. Hanks of Calumet, Mich., has accepted the call to the pulpit of the Plymouth Congregational church and will arrive in Newark Friday to preach his first sermon on Sunday.

Rev. Mr. Hanks has been located in Calumet for 12 years and served as a chaplain in the Spanish-American war. Mr. Hanks will bring his wife and family to Newark as soon as the Calumet schools are dismissed.

son, Charles, in the service and the other, Frederick, is now in school. Rev. Mr. Hanks' parents reside at Norwich near Zanesville.

LOCAL MEN PRESENT AT THE CONFERENCE

E. S. Welch, W. W. Davis, representing the Manufacturers' Association, and T. J. Appleyard, Jr., manager of the Chamber of Commerce, are attending a conference at Cleveland today of the War Industries Commission.

The plan of the commission is to organize the cities of the state so that the government would know just what each manufacturing plant can make that will be of use in the conduct of the war. The plans when perfected will mean that the government will be able to get quick, efficient and adequate service on short notice from manufacturers and the orders for war materials will be placed where they can be taken care of to the best advantage.

The committee from Newark went well prepared to give an accurate account of the facilities of the local industries. The factories and other industries that can handle war supplies have made a careful survey of the situation and the information is in the hands of the committee.

Egotists are always more interested in an I for an I than a tooth for a tooth.

PYTHIANS TO HAVE ENTERTAINMENT ON FRIDAY EVENING

In this day of war and all that goes with it a little diversion now and then is greatly needed. Therefore we still have the circus, the theatre, baseball games, etc., with us to draw our minds in another direction and away from the horrors of the battle field. It is agreed by government officials and others in authority that we must not give up these various amusements. The Knights of Pythias of this city are offering an entertainment a little out of the ordinary for Friday evening of this week at their hall in East Main street. It is styled an illustrated lecture, and is sent out by the Atchison Topoka and Santa Fe railroad. It is said to be very interesting and the various scenes shown are clear and distinct views of the grandeur of the western part of the United States. Those who have traveled all over the world say we have in this country some of the beauty spots of the universe. When one does not have the time or money to personally inspect these places, pictures are the next best thing. In addition to the pictures an able talker will explain the different scenes as they are shown. The railroad above mentioned is sending these pictures to the larger cities through out the Eastern and Central states and large crowds are taking advantage of the same.

In addition to the picture program several musical numbers will be introduced by Edwin Westington on the saxophone and vocal solos by Frank Strear. The Knights are cordially invited to come and bring their families and friends. The program will begin at 8 o'clock and no admission will be charged and no collection taken.

FLAG RAISING AT THE NORTH END FIRE DEPARTMENT

The formal program for the flag raising at the North End fire department on Sunday, May 5, will be announced in a few days.

ORGANIZATION BANQUET OF NEWARK AD CLUB

The organization banquet of the Newark Advertising club tomorrow night at the Masonic Temple at 5 o'clock promises to be an enthusiastic meeting. President Anderson, who will address the gathering, promises to bring a delegation from the Columbus Ad. club. The committee on arrangements for a large membership to start with. Officers will be elected and the constitution voted on at this meeting. It is stated that the plan for such an organization has met with the approval of the leading advertising and business men of the city and that the club is looking for a large membership to start with.
